STORYBOARD

Topic: How to View P1–P3 Grades in COC SIS

SCENE 1 — THE PROBLEM

Visual:
Cartoon student sitting in front of a laptop looking confused.

System Screen:
None yet. Laptop is shown but SIS is not opened.

Character Action:
Student scratches their head, looks worried, and looks at the laptop.

Narration:
“I want to check my P1, P2, and P3 grades, but where can I find them?”

Animation:
Confused expression + head movement + blinking.

Camera:
MS – Medium Shot showing the student and laptop.

Audio / SFX:
Voice-over + thinking sound effect.

Principle:
Anticipation – The character reacts before starting the tutorial.

SCENE 2 — INTRODUCTION

Visual:
Character turns toward the viewer with the laptop beside them.

System Screen:
COC SIS website shown on the laptop.

Character Action:
Character points toward the laptop.

Narration:
“Don’t worry! Here’s a quick guide on how to view your P1–P3 grades in the COC Student Information System, or SIS.”

Animation:
Character turn + pointing toward laptop + title appears.

Camera:
WS – Wide Shot → Zoom toward laptop.

Audio / SFX:
Voice-over + background music + whoosh.

Principle:
Anticipation + Staging.

SCENE 3 — LOGIN

Visual:
Laptop becomes the main focus.

System Screen:
Actual COC SIS Login Screen showing ID Number, Password, and Login button.

Character Action:
Character points toward the login area.

Narration:
“First, open SIS and log in using your ID number and password.”

Animation:
Character points → cursor moves to ID field → ID is entered → password is entered → Login button is clicked.

Camera:
CU – Close-Up of the login screen.

Audio / SFX:
Keyboard typing + mouse click.

Principle:
Timing – Typing and clicking match the narration.

SCENE 4 — STUDENT DETAILS

Visual:
Student is now inside SIS and looks at the menu.

System Screen:
SIS page showing Student Details.

Character Action:
Character points toward Student Details.

Narration:
“After logging in, go to Student Details.”

Animation:
Cursor moves toward Student Details → option is highlighted → cursor clicks.

Camera:
Zoom toward Student Details.

Audio / SFX:
Mouse click + soft highlight sound.

Principle:
Staging – The important menu is highlighted.

SCENE 5 — STUDENT MANAGEMENT AND STUDENT PROFILE

Visual:
The Student Details menu is open.

System Screen:
Student Details → Student Management → Student Profile.

Character Action:
Character points to Student Management and then Student Profile.

Narration:
“Next, click Student Management, then choose Student Profile.”

Animation:
Cursor clicks Student Management → menu opens → cursor moves to Student Profile → clicks.

Camera:
CU – Close-Up of the navigation menu.

Audio / SFX:
Two mouse clicks + whoosh when the menu opens.

Principle:
Secondary Action – Character’s eyes follow the cursor while pointing.

SCENE 6 — FIND THE GRADE

Visual:
Student Profile page appears with several navigation options on the left side.

System Screen:
Actual Student Profile page showing the Grade option on the left navigation.

Character Action:
Character looks through the menu and points toward Grade.

Narration:
“Inside your Student Profile, you’ll see several navigation options on the left side. Find and click Grade.”

Animation:
Cursor moves down the left menu → Grade is highlighted → cursor clicks Grade.

Camera:
Zoom in toward the Grade option.

Audio / SFX:
Mouse click + highlight sound.

Principle:
Staging – Grade is highlighted so the viewer knows where to click.

SCENE 7 — SELECT ACADEMIC SESSION, SY, AND SEMESTER

Visual:
The Grade page is displayed.

System Screen:
Academic Session, SY / School Year, and Semester dropdown menus.

Character Action:
Character points to the dropdown menus and selects the correct information.

Narration:
“Next, choose the correct Academic Session, School Year, and Semester.”

Animation:
Cursor clicks Academic Session → selects the correct session → selects School Year → selects Semester.

Camera:
CU – Close-Up of the dropdown menus.

Audio / SFX:
Mouse clicks + dropdown sound.

Principle:
Ease In / Ease Out – Smooth cursor and menu movements.

SCENE 8 — VIEW YOUR SUBJECTS

Visual:
A list of enrolled subjects appears.

System Screen:
List of the student’s enrolled subjects.

Character Action:
Character looks at the subjects and points to one subject.

Narration:
“After selecting the correct academic session, school year, and semester, you can see the subjects you are enrolled in.”

Animation:
Subject list appears → cursor moves through the list → one subject is highlighted.

Camera:
MS → CU as the camera moves toward the subjects.

Audio / SFX:
Voice-over + whoosh as the subject list appears.

Principle:
Timing – The subject list appears while it is being explained.

SCENE 9 — CLICK THE PLUS BUTTON

Visual:
Character chooses a subject and points to the plus button beside it.

System Screen:
Selected subject with a + button beside it.

Character Action:
Character leans closer to the laptop and clicks the plus button.

Narration:
“To see your grade details, click the plus button beside the subject.”

Animation:
Cursor moves to the + button → button is highlighted → cursor clicks → grade details expand.

Camera:
ZOOM IN on the plus button.

Audio / SFX:
Mouse click + whoosh when the details expand.

Principle:
Anticipation – Character prepares before clicking the button.

SCENE 10 — VIEW P1, P2, P3, CS, AND PE

Visual:
The grade details expand under the selected subject.

System Screen:
P1 – Grade; P2 – Grade; P3 – Grade; CS – Class Standing; PE – Periodical Exam.

Character Action:
Character points to P1, P2, P3, CS, and PE.

Narration:
“Here, you can see your P1, P2, and P3 grades. You can also see your CS, or Class Standing, and PE, or Periodical Exam. Your grade is based on your CS and PE.”

Animation:
P1 is highlighted → P2 → P3 → CS → PE. Arrows can show CS and PE contributing to the grade.

Camera:
CU – Close-Up of the grade information.

Audio / SFX:
Voice-over + soft highlight sounds.

Principle:
Staging + Timing – Each important grade component is highlighted as it is explained.

SCENE 11 — LOW GRADE AND EXAM PERMIT REMINDER

Visual:
Student sees a low grade on the SIS screen and looks worried. The scene then shows the student receiving an exam permit and taking the exam.

System Screen:
First: Low grade displayed. Then: Exam result recorded. Finally: Grade updated during P3.

Character Action:
Student looks worried → receives permit → takes exam → becomes relieved → checks SIS again.

Narration:
“If your grade is low because your exam was not recorded due to an exam permit issue, don’t panic. Once you get your permit and take the exam, your exam can be recorded. The displayed grade in SIS may still remain low until P3, when your adviser can update and record the grade.”

Animation:
Low grade appears → worried reaction → exam permit appears → exam is taken → screen changes to P3 → adviser updates the grade → updated grade appears.

Camera:
MS for reaction → CU for grade → Zoom in on updated grade.

Audio / SFX:
Worried reaction sound + notification sound + success sound.

Principle:
Exaggeration + Follow Through – Worried reaction is emphasized, then naturally settles.

SCENE 12 — SUCCESS / END CARD

Visual:
Character is standing happily beside the laptop.

System Screen:
Updated SIS grade is shown, then the project end card.

Character Action:
Character gives a thumbs up and smiles.

Narration:
“That’s it! You can now view your P1–P3 grades in COC SIS. Remember to check your grades regularly and keep your account information private.”

Animation:
Thumbs up + happy expression + small celebration → end card fades in.

Camera:
WS – Wide Shot → Zoom out to show the end card.

Audio / SFX:
Success sound + cheerful background music.
